

Crewe Hall Hotel

Crewe, Cheshire

Status:

Completed 2004

Value:

£3.1 million

Client:

First & Fearless Limited

Description:

The development provided a 24no. bed-room extension and further 15no. bed-rooms with a brasserie/bar respectively for the Victorian hall that was recently restored to its original splendor.

In complete contrast to the old hall, the new development is minimalist with very clean lines both internally and externally whilst being sympathetic to the hall with its classically arranged footprint.

A very striking feature within the new brasserie is the 360-degree revolving bar.
